1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track income, expenses, and assets, ensuring that all data is up-to-date and easily accessible.

2. The second section focuses on the role of internal controls in preventing fraud and mismanagement. It outlines various measures that can be put in place, such as segregation of duties, regular audits, and the establishment of clear policies and procedures. The document stresses that these controls are not just for compliance but are also vital for the long-term health and sustainability of the organization.

3. The third part of the document addresses the challenges of budgeting and financial planning. It acknowledges that creating a realistic budget can be difficult, especially in a dynamic environment where costs and revenues can fluctuate significantly. The text provides advice on how to conduct thorough research, use historical data, and involve key stakeholders in the budgeting process to ensure that the plan is both achievable and aligned with the organization's strategic goals.

4. The fourth section discusses the importance of communication and collaboration in achieving organizational success. It highlights that no single department or individual can succeed in isolation; instead, there must be a strong emphasis on teamwork and open communication. The document encourages the use of regular meetings, clear communication channels, and a culture of mutual respect and support to foster a collaborative environment.

5. The final part of the document provides a summary of the key points discussed and offers some concluding thoughts. It reiterates that success is not a one-time achievement but a continuous process that requires ongoing effort, adaptation, and a commitment to excellence. The text ends with a call to action, urging all members of the organization to take ownership of their roles and contribute to the common goal of achieving long-term success.

The first part of the paper discusses the importance of understanding the underlying mechanisms of the system. This involves a detailed analysis of the data and the identification of the key variables that influence the outcome. The second part of the paper focuses on the development of a model that can accurately predict the system's behavior. This model is based on the principles of physics and is validated against experimental data.

The third part of the paper presents the results of the model and compares them with the experimental data. The model is found to be in good agreement with the data, indicating that the underlying mechanisms have been correctly identified. The fourth part of the paper discusses the implications of the results and the potential applications of the model.

The fifth part of the paper concludes the study and provides a summary of the findings. The sixth part of the paper discusses the limitations of the study and suggests areas for future research.

The seventh part of the paper provides a detailed description of the experimental setup and the data collection process. The eighth part of the paper discusses the results of the data analysis and the validation of the model.

The ninth part of the paper presents the results of the model and compares them with the experimental data. The tenth part of the paper discusses the implications of the results and the potential applications of the model.

The eleventh part of the paper concludes the study and provides a summary of the findings. The twelfth part of the paper discusses the limitations of the study and suggests areas for future research.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend of increasing activity over time.

4. The fourth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the field of study and may lead to further research in this area.

5. The fifth part of the document concludes the study. It summarizes the main findings and provides a final statement on the importance of the research.

Notes

LDS IGI gives Wittenshausen, Switzerland as a birthplace, and March 9, 1799 as a death date.

From THE HOLLOPETER BROTHERS AND THEIR EDMONDS WIVES OF FOSTORIA by Jan Herbert:

Information on the life of Matthias is covered in the booklet, "THE HOLLOPETER FAMILY RECORD" written in 1956 by two cousins, Eva Hollopeter Ridenour and Wanda Hollopeter Burris. I will not repeat all of the information on Matthias found in this excellent work, but will concentrate on new information and theories not covered in THFR.

Matthias was probably born in Germany in 1728. This date comes from his age at death written on his tombstone. No definite record has been found of his immigration, although one record has been found that may be Matthias. On October 4, 1752 the ship "NEPTUNE" docked at Philadelphia with a Mathias HALLER aboard. On the same ship was Valentine Lawtenschlager who was later a member of the Lower Bermudian Union Church, as was Matthias. Also on the passenger list was a Conradt Rosch. Matthias married a Barbara Ruzs/Roose, daughter of Frederick. John C. Kilbourne, researcher for the Historical Society of York County, the the 1950s says he compared the signatures of the Mathias Haller and our Matthias and found them to be different.

Larry Kent of Oxford, Ohio postulates that in German our Matthias would have been MATTHIAS HOLLO von PETER, that is, Matthias, son of Peter Hollo. A Peter Holl did arrive on the ship SNOW PRINCESS AND ANN at Philadelphia on May 30, 1741.

German immigrants to Penn after 1750 were required to sign an oath of Allegiance to King George. No record has been found of this for Matthias, but one was found for his father-in-law, Frederick Ruzs who arrived at Philadelphia on September 29, 1750. If Matthias landed at Philadelphia before 1750 or came with his parents, or landed at another port, this would explain the absence of an oath.

A family story says that Matthias and his wife, Barbara, met on the "boat coming over", but no proof of this has been found. Another family story says that the Hollopeter immigrant came with William Penn. William Penn was English, a Quaker, and settled in Berks County, PA.

The first record found of our Matthias in America was in the York County Courthouse, Land Papers #4352. He was issued 100 acres of land by the Proprietaries at Philadelphia on April 4, 1754. This land was located near William Dodd's land on Dead Run in Warrington township, in the county of York. Matthias's land is not annotated on the Land Warrant Map, but William Dodd's land is.

The second record of Matthias is that of his marriage on March 30, 1754, to Barbara Ruzs/Roose. They were married in St. Matthew's Lutheran Church of Hanover, York County. Hanover is located about 20 miles directly south of Matthias's land.

Matthias was a tax collector in 1770 and a constable of Warring township in 1776. He paid tax in Warrington township in 1779, 1780, 1781, 1782, 1783. He did not serve in the American Revolution. Nor is he found in the first census taken in 1790. He died in 1799, before the census of 1800 was taken.

Recorded in the York County Courthouse are 3 deeds for more land that Matthias bought in 1770 and 1784. He purchased these 5 tracts of land from Henry Clark and William Penrose, and as these were the Original Land Grant purchasers, the land can be found on the Land Warrent map.

In the spring of 1953, a search of Warrington township, led to the discovery of a tombstone for Matthias Hollopeter in the Bentz Burying Ground on the Norman Cook farm, 2 miles north of Wellsville. Further research found that the cemetery was on the original land issued to Frederick Ruzs/Roose, father-in-law of Matthias. Also found there were tombstones for Frederick Ruzs, his wife, Christina, and their daughters, Hannah and Rosanna. No stone was

were tombstones for Frederick Rusz, his wife, Christina, and their daughters, Hannah and Rosanna. No stone was found for Barbara Rusz Hollopeter. In November of 1980, Roose family members removed these stones from the unprotected Norman Cook farm and in 1981 they were placed in the protected Quaker Cemetery alongside the Quaker Meeting House, a National Heritage site in Wellsville, York County, PA. The town of Wellsville is slightly less than 2 miles from the original site. An appropriate plaque was installed to honor them and state where the bodies were buried. Note that Matthias and the Rusz family were all Lutherans.

Matthias died in May of 1799 of cholera. He is described as a "man of large physique" and it is noted that all but one of his sons and many of his descendants carried on this characteristic.

Matthias's tombstone reads:

HEIR LIGE BEG RABEN (here lies the body of)
MATTHIAS H. yeloPETTER
died May 1799, aged 71 years

His will dated March 9, 1792 and probated June 27, 1799, Book K, page 79, is on file at York County Courthouse. The inventory was recorded August 7, 1799 and lists both a German and an English Bible. Matthias signed his will MATTHEIS HALLER PETTER. After his death, Barbara lived with her son, Frederick, who inherited the family farm. Administration was granted on the Estate of Barbara HALLOWPETER in 1823, Book N, page 504.

Items noted in will:

Of Warrington Township in the County of York, PA

Daughter, Mary Sickel.....100 pounds

Daughter, Susanna Green.....50 pounds

Daughter, Christina Hollopeter.....100 pounds, horse and saddle, 2 cows, 8 sheep, case of drawers,
a good bed and bedding

Daughter, Barbara Hollopeter.....100 pounds, horse and saddle, 2 cows, 8 sheep, case of
drawers, a good bed and bedding

Unless they misbehave, and marry someone the mother does not approve of

Then they will only get 50 pounds each. (Wonder if Susanna Green did the wrong thing?)

Beloved Wife Barbara Hollopeter, 100 pounds, 1 good horse, 2 cows, Saddle and bridle, table, iron pot, a wheel,
and such kitchen ware and furniture as she thinks necessary. Her bed, bedsteads and bedding, 10 pounds of clean
flax, 8 pounds of wool yearly, maintenance in diet and apparel, choice of house, care when sick.

Son, John.....5 pounds, keep the farm together until Mathias is 21 years old then make a distribution.

Other sons Listed: John, Mathias, Frederick, Andrew, Abraham

Will dated March 9, 1792.

.....
Barbara, the wife of Matthias lived with her son Frederick after her husband's death. Administration was granted
on her estate in 1823 (Book N, page 504) York County, PA, which is probably when she died.
.....

This is another account written by a Hollopeter about the family history. If I discover just who did this one will put it here. In the meantime, it may not be accurate by was written by someone in the family: (I believe this was given to me by Shirley Underwood, but she did not write it. It was just passed down to her)

MATHIAS HOLLOPETER was the founder of this line, in this country. He came to America in 1753 and located in York County, PA. He is said to have been born in Holland, about 1740, although that is not definite. The date, however, seems to be supported by the further report that he died in 1800 at the age of 60, in York County, where he had spent his entire life in this country. It would seem from this that he must have come to this country with parents or at least with relatives, as he would have been but 13 years old, but no record of any is available. I have no name or date record of his wife, and only have the report that she was of Irish parentage. It appears that there were five children born to this family, all sons. The first was Frederick, born September 13, 1770. Another was Andrew, born in September 1777. Another was Abraham, born in 1780. Another was John, born 1790, and the fifth one was Joseph, but I have no record of his date of birth or further record of him.

(This appears to have been written many years ago and has no documentation to prove any of it at all like the

above age at death which says 71 years and not 60. and whoever wrote this did not know of the Frederick Roose family which was the family of his wife, Barbara).

Different spellings: HOLLIPETER, HOLLOPETER, HALLOWPETER, HOLLOPETRE, HULLOPETER, HOLOPETER, HOLLOPATER, HOLLOWPETER, HALLOWPETER.

A probable signature of Mathias was found on a will of a member of the SHOUP family. The Shoup daughter married William Howe who was a near neighbor (land to the north of Mathias in York Co.). The signature was said to have been written in German. It appears that Mathias's daughter, Catherine, married William Howe's son, Edward and they moved on to Ohio.

Found on a 1751 Tax Assessment List of Bethel Township, Lancaster Co., PA was:
Andrew Hollo

Possible this might be a brother of Mathias, or even possible father. To have been on the tax list he would have been an adult and probably at least 20 years old making his bdate about 1730 or before. Reading the above on the name "Hollo" gives this a real possibility and the fact that the name was "Andrew" is also meaningful as Mathias named a son Andrew.

We must note that Bethel Township has been in, at one time or another, Lancaster, Lebanon, and Dauphin. Now the only Bethel Township to be found is in the current Lebanon county.

Along with another Andrew

Abraham

Frederick Probably father Andrew and sons

Mathias Not sure what year at this point

Wesley May be 1830, as boys would have been
old enough to have their own homes.

Possible daughter Phebe Arcola Hollopeter.

Andrew's father, Matthias, died the May before his marriage. In Matthias's will, he left each of his 5 sons the equivalent of 1/5th of his real estate. On May 14, 1800 with three quit claims, the land of Matthias, deceased, was divided among Frederick, Mathias Jr, and Andrew. Andrew received 1/2 of the upper tract, the half of the original William Penrose land that did not have a house on it. Abraham, not being of lawful age, did not participate. John chose not to received the land. On March 5, 1824, Andrew's brother, Mathias, sold his land to Joseph Bowen.

Andrew and Phebe had 8 children, 6 boys and 2 girls, all born in Warrington Township between 1800 and 1822. Their youngest child and 6th son, Isaiah, was born September 3, 1822, just 13 days before their second grandson, John Wesley Hollopeter. The only mention I find of Andrew's life in York County was in both Gibson's "History of York County" and Prowell's "History of York County". It seems that Andrew and his brother, Frederick, were two of a committee to which on December 28, 1806, Eli Lewis granted a lot in Lewisberry for the erection of a Methodist Church. There is some reason to believe that this accounts for the lack of records for the baptisms of the Hollopeter children. The early Methodist churches kept very poor records. The Lewisberry Methodist Church was formed in 1794 and was in Newberry Township of York County. Two of Andrew's sons were Methodist ministers and many of his descendants were also.

Around 1824 Andrew, his wife and children, and his married son, Abraham, and his family, all moved to Wayne County, Ohio. They settled in Wooster township. In the 1826 tax list for Wayne County, we find an Anamand Hollowpeter paid a chattle tax on 2 horses and 3 cattle. The only reference to the purchase of land was 80 acres in Clinton Township bought by Abraham Hollopeter who paid off the mortgage on this land in 1833. Andrew may have earned his living by doing carpentry work, a skill he learned from his father.

In the 1830 census for Wayne County, we find Frederick and Wesley, sons of Andrew, living in Plain township with their wives. Andrew, Jr. and Mathias were probably the extra 2 males age 20 - 30 living with Frederick and his wife, Phoebe. Abraham, Lydia and 5 children we find in Clinton township, Wayne County. Andrew and his wife, 2 daughters and youngest son, Isaiah, are found in Holmes County, Ripley township, which is directly south of Clinton township.

Andrew entered original land in Jackson township, Seneca County, Ohio, on the first of May 1833. It was the west 1/2 of the northwest 1/4 of section 20. This northwest part of Seneca County was on the southern edge of the "Black Swamp" region. No indication is found as to when he settled on this land or if he first traveled to Seneca County to view it. I find that as late as 1835 Andrew was still in Holmes County. On file at the York County Courthouse is a Power of Attorney dated February 20, 1835 issued to Abraham Blatchford for dispersment of his father's estate. It was signed by "Andrew Hollopeter and Phoebe, his wife, at Holmes County, Ohio". THE HOLLOPETER FAMILY RECORD says Andrew moved to Seneca County about 1834.

So Andrew and family moved to the virgin forest of Jackson township around 1835. Not all of his children came

So Andrew and family moved to the virgin forest of Jackson township around 1835. Not all of his children came at the same time. He cleared the land and built a cabin. The last Indian treaty in Seneca County was signed in 1832. Wolves, deer, and mosquitoes abounded in this new wilderness. Many Indians were here. They were frequent visitors and persistent beggars, but the pioneers never suffered an inconvenience or felt any fear of them.

In the 1840 census for Jackson township, we find Andrew, his wife and Isaiah, their son. Living near them were their sons, Abraham, Frederick, Mathias, Andrew Jr., and Wesley. A few miles to the south we find in Washington township of Hancock County, their daughters, Margaret and Phoebe and their husbands, Moses Wells and Moses G. Wells.

On page 54 of THE HOLLOPETER FAMILY RECORD it mentions a letter written by Phoebe Hollopeter Sanner, niece of Andrew and Phebe and daughter of Andrew's brother, Abraham and Phebe's sister, Margaret. She says that she was named for her aunt Phebe and tells that "once my uncle Andrew came to Pennsylvania to get my grandmother and one of my aunts to take them to Ohio to visit". I have doubts that this was a visit as the journey was 400 miles each way. Phebe's mother, Elizabeth Hobson Blatchford, is buried in Fountain Cemetery here in Fostoria, so we know she did make the trip here. Elizabeth died February 26, 1842 and her daughter, Phebe died on February 23, 1842. Were they victims of the same malady?

Andrew died in 1846. His will is on file at the Seneca County Courthouse, Tiffin, Ohio, wbl p197, George Stoner, executor. Andrew and Phebe were first buried in the Methodist Cemetery once located on Van Buren Street on what is now Hospital Hill. A fight over ownership of the cemetery property caused their son, Mathias, to move all of the Hollopeters to the newly organized city cemetery in 1856. They were "first citizens" of Fountain Cemetery. Buried with them are Phebe's mother, their grandchildren, Leah and Milton and a great grandson, John W. Welsh. Phebe does not have a stone and there is no indication she ever had one. Leah's stone broke off sometime in the late 1970's. The other stones are all of Indiana sandstone with the engraving very readable.

The above article on Andrew and Phebe was found in the book by Jan Herbert, THE HOLLOPETER BROTHERS AND THEIR EDMONDS WIVES FROM FOSTORIA, OHIO.

This account is an old account and not sure who wrote it. The author did not have as much info as we have now. (Probably given to me by Shirley Underwood but not written by her.)

ANDREW HOLLOPETER married in 1799. We have only his wife's first name, Phoebe, and that she was born August 18, 1772 and died in February 1842. Andrew died in March 1842. There were 8 children, six boys and two girls. Abraham was the first, born May 20, 1800. Frederick was born April 15, 1803. Mathias was born March 6, 1805. Wesley was born December 15, 1806. Andrew was born August 22, 1808. Margaret was the 6th, but we do not have the date of her birth. She seems to have married a Mr. Wells, as did also the 7th child, Phoebe, who was born July 15, 1817. The last was Isaiah, born September 3, 1822.

Notes

The reference to the marriage of Phebe and Andrew is found in the records of the 12th of August, 1799, monthly meeting of the Warrington ChurchTownship Society of Friends when they excommunicated Phebe from the Quaker Church for marrying outside their faith. So Andrew and Phebe were probably married in July or August of 1799. Phebe's twin sister Margaret, was excommunicated in 1801 for marrying Andrew's brother, Abraham.

Andrew's father, Matthias, died the May before his marriage. In Matthias's will, he left each of his 5 sons the equivalent of 1/5th of his real estate. On May 14, 1800 with three quit claims, the land of Matthias, deceased, was divided among Frederick, Mathias Jr, and Andrew. Notes

Rev. Andrew Hollopeter was a minister with the Methodist Episcopal Church for 50 years.

The age of his death on the tombstone is 84 years, 5 months, 28 days

From the History of Cedar Creek Township, Allen County, Indiana: Rev. Andrew Hollopeter was a native of Pennsylvania. At the time of this writing there was one daughter in DeKalb County, and 2 other brothers in Allen County. The writing was probably about 1875-1880.

Andrew and Catharine had seven children 4 of those were still living at above date.

Methodist Episcopal Church: The members of this denomination organized a class in 1845, under the ministerial offices of Rev. Dowd, and held meetings at Silver's Schoolhouse until 1851. In that year, they erected a log church on the farm of Wesley Hollopeter, and maintained services for several years. Finally, some of its members withdrew and organized churches nearer their homes. Mount Olivet Church and Robinson Chapel are its successors. Its membership was weakened by their withdrawal, and it soon ceased to be used as a church. In 1851 the Methodists organized at Hamilton, and held meeting at the house of Henry McEwen. Rev. Andrew Hollopeter was in charge of the circuit to which it was attached, and officiated as Pastor, holding meetings once a month. (Hamilton is really Leo, not the Hamilton that is up further north at the present time).

Narcissa M. 5 F Ohio born 1845

Came to Indiana between 1845 and 1850 according to this report.

In 1851 the Methodist Episcopal Church erected a log church on the farm of Wesley Hollopeter and maintained services for several years. Finally, some its members withdrew to organize churches near to their homes. Mount Olive and Robinson Chapel were its successors. And in 1851 the Methodists organized at Hamilton (Leo). Rev. Andrew Hollopeter was in charge of the circuit to which it was attached and officiated as Pastor, holding meetings once a month. In 1857 they erected a small frame church at Hamilton in which they worshipped until 1878.

We find 2 Andrews listed in the 1830 (?) census of Seneca County, Jackson Twp., Ohio #239 apparently with separate homes.

The father, Andrew, died in Seneca County, Ohio, as did two of the sons, Frederick, and Mathias. The 4 boys coming to Indiana were Rev. Andrew, Abraham, Wesley, and Isaiah, the younger one.

1840 Census shows them living in Seneca County, Ohio, in Jackson Township.

From Jan Herbert's THE HOLLOPETER BROTHERS AND THEIR EDMOND WIVES OF FOSTORIA.

Andrew Hollopeter, Jr. was born in 1808 in Warrington township, York County, PA. His family moved to Wayne County, Ohio in 1824. At the age of 16 he was "born again" and at age 19 was licensed to preach by Reverend Russell Bigelow. Andrew was a Methodist minister for 64 years. In the 1830 census for Wayne County, Ohio, he was living with his brother, Frederick, in the northeast corner of Plain township.

In April of 1832 Andrew preached the first Methodist sermon in Fostoria, Ohio. It was at the home of William Shawham in Wood County, Perry township, just north of where Fostoria is now. His text was "Except your righteousness exceed the righteousness of the Scribes and dPharisees, ye shall in no case enter the kingdom of Heaven." He was a plain, outspoken man, and commenced his discourse by saying that in his opinion the righteousness of some of the settlers in that community not only did not EXCEED, but fell far short of even that of the Scribes and Pharisees, for that Sunday, in coming to fill his appointment, he could hear the crack of guns in every direction."

The above paragraph was taken from "Commerative Historical Record of Wood County, Ohio", Vol. 2, page 352.

Andrew returned to Wayne County, for there in September of 1832 he married Catherine Edmonds. THE HOLLOPETER FAMILY RECORD says at one time she was a Moravian missionary. Catherine's family had moved to Plain township when her father, Peter, entered Original Land in 1814.

Andrew's father and brothers moved to Seneca County, Ohio, between 1833 and 1835. Andrew and his wife accompanied them after the birth of their first son, William, in August 1833. In 1836 and 1837 Andrew preached as a Circuit Rider on the Findlay Circuit. In 1841 he performed the marriage ceremony for his niece, Elizabeth, to James Watson. He performed many marriages in 1842 in Wood County.

in the 1840 census we find Andrew, Jr. and family in Jackson township of Seneca County living among his parents and brother's families. After the death of his father in 1846, Andrew Jr. accompanied his 3 brothers and 2 sisters and families in their move to Cedar Creek township, Allen County, IN. He established a home on a farm 2 1/2 miles south of the Allen-DeKalb County line on the east side of what is now Indiana Highway 427. It was all woods when he moved on it. When their first crude cabin was completed, his wife Catherine took four forked sticks and drove them into the dirt floor. Across the forks she laid four cross sticks and on these a rough puncheon or split log. On top of the puncheon was spread her shawl and the family Bible. A home had been formed.

In Allen County Andrew was employed regualrly as a local "supply" preacher, filling in whenever he was needed. In 1862 he was a minister for the newly built church at New Haven until a regular minister was found. Andrew was also a farmer and in the 1870 census I found that he and Catherine had 8 male boarders living with them.

Catherine died in 1886 and Andrew in 1892 at the age of 84. They were both buried in Leo Cemetery, Cedar Creek township. At his funeral, he was described as a faithful, acceptable and beloved local preacher both believing and practicing what he preached. Many who attended his funeral had found ~~Christ~~ ^{Christ} under his ministry.

After the death of her parents, their daughter, Matilda and her husband Eli Arnold purchased the old homestead.

A story about Andrew told in THE HOLLOPETER FAMILY RECORD then repeated in Jan Herbert's THE HOLLOPETER BROTHERS AND THEIR EDMONDS WIVES OF FOSTORIA.

I add this ~~story~~ ^{story} told many times in the family about Andrew, Jr., the Methodist Circuit Rider. He rode his horse

Notes

According to the census of 1850 in Cedar Creek Township, Allen County, Catharine would have been born in 1807, but according to her tombstone in the Leo Cemetery her age at death was 78 years and 5 months, making her birthdate 1812. On her tombstone it says "Meet me in Heaven".

From the genealogy of Zephaniah Edmonds by Kemble Stout:

Catherine, born July 1807 in Tuscarawas County, Ohio

Anita Hyatt Davis has a number 2 before the name of Andrew Hollopeter as though he was her second husband. Down below she lists that Catherine had first married (1) James Swaney and then (3) Daniel Fribley. She may have these confused with other Catherines. Rev. Andrew Hollopeter did not die until 1892 and lived longer than Catherine so she could not have a third husband. Perhaps the first one is also incorrect. In the marriage records her name is listed as Catherine Edmonds with no other married name included.

Notes

William C. Hollopeter was in Company C, 88th

Regiment of the Indiana Volunteer Infantry and was made a Captain during the Civil War.

From the History of Cedar Creek County: CAPT. WILLIAM C. HOLLOPETER is a son of Rev. Andrew Hollopeter, who was a native of Pennsylvania and a minister of the Gospel in the Methodist Episcopal Church for nearly fifty years. His mother's maiden name was Catherine Edmonds, Ohio being her native state.

William C. was the eldest of seven children, three yet living in Allen County and one, a sister, living in DeKalb County of this state. A brother, still living in this county, was a veteran soldier in the Eleventh Indiana Volunteer Infantry during the late war. The subject of our sketch was born in Wayne County, Ohio, August 24, 1833. In youth he had moderate opportunities, only, for acquiring an education. He improved well such opportunities, however, thus preparing himself to act a practice part in life's dealings. His father, with family, removed from Ohio to this county in March 1847, making a choice of settling in Cedar Creek Township. Farming was their pursuit, and William C. continued with his parents, aiding at this vocation, until the summer of 1854 when he became of age. (from 1880 History of Allen Co.)

For a period forward from that time, in the struggle for self-maintenance, he directed his energies alternately at teaching a district school during the winters and at farming during the summers. He was joined in marriage, May 18, 1858 with Miss Cynthia A. Moore, of Allen County. She was a native of Delaware County, Indiana, born April 22, 1839. Seven children have been the fruits of this marriage, six of them still living viz: Milton R. (deceased), Charles McPherson, Ophelia May, Walter M.M., Ellen Gertrude, Rosa Belle and Herbert Salon.

A patriot to his country, on August 28, 1862, to help maintain the Stars and Stripes, he enlisted as a private soldier in Company C, 88th Regiment Indiana Volunteer Infantry. At the organization of the company, he was appointed Corporal, on February 18, 1863 he was advanced to First Lieutenant of his company, and on October 24, following, was commissioned as Captain. He was with his company and regiment during their entire service, the same being attached to the Army of the Cumberland. He was in seventeen distinct engagements and received two severe wounds; fought under Generals Rosecranz and Thomas, and participated in Sherman's march to the sea. Remaining in the service til after the surrender, until the old flag was again unfurled to every state and every people of our broad Union (without dispute). Captain Hollopeter received his discharge at Washington D.C., June 7, 1865. Following his discharge, he immediately returned to the bosom of his family and to the quiet avocations of civil life in Cedar Creek Township. Religiously he has been an exemplary member of the Methodist Episcopal

of civil life in Cedar Creek Township. Religiously he has been an exemplary member of the Methodist Episcopal Church since the age of 16 and his estimable wife since a young girl of nine years. Has ever been a staunch friend of temperance. In politics, a firm Republican, yet not an aspirant for political honors. For the past fifteen years has belonged to the Order of A. F. & A.M. He is an industrious, good citizen, one whose influence for the right is ever felt. Is an ever willing advocate and supporter of that which elevates while he is just as ready and anxious to repudiate and defeat that which debases. Within the large circle of his acquaintance he is universally esteemed.

A short paragraph about William from "Country Folks", a history of the Grabill, Cedarville, Leo area, found on page 12 says:

Captain William G. (possible mistake) Hollopeter, son of Rev. Andrew Hollopeter, is called a patriot for his country. A staunch Republican he was referred to as "an ever willing advocate and supporter of that which elevates, while he is just as ready and anxious to repudiate and defeat that which debases."

.....

In a description of Cedar Creek Township it tells of two lakes in the northwestern part of the county, "one of them known as Viberg's and the other known as Hollopeter's". According to the map Hollopeter Lake was on William C. Hollopeter's land. 1880 map shows W.C. on Section 7, North west quarter of Cedar Creek township.

.....

From the Valley of the Upper Maumee....."When Captain Hollopeter came to Indiana the family settled on the old homestead where there was about five acres cleared."

He was a school teacher in winters and farmer in summers between 1854 and 1862. He graduated about 1858 in Methodist College at Fort Wayne.....R. Diehl

"He previously taught one term of school and taught four terms after attending college"Upper M

He served in the military between 1862 and 1865 in Co. C. 88th Indiana Vol. Inf. His personal description in 1862 was as follows: "Height, 6 feet 1 inch, complexion, fair; color of eyes, gray; color of hair, auburn, and that his occupation was farmer."R. Diehl

Discharged from military "for disability from wounds"from final muster roll

From Valley of the Upper Maumee....."In 1862 he enlisted in Co. C. 88th Ind. Vol. Inf, as a private, was appointed second corporal same month, and on December 26, 1862, was promoted fourth sergeant, April 1863, was elected first lieutenant, and Nov. 24, 1863, was promoted Captain. He was honorably discharged June 7, 1865, at Indianapolis. He was with Sherman in his celebrated march to the sea, was wounded at Mission Ridge, and at Bentonville, N.C."

Signed an oath of Allegiance after becoming First Lieutenant at Murfreesboro, Tennessee, May 1863.....Oath found in R. Diehl's booklet on the Descendants of Capt. William Curtis Hollopeter.

Missionary Ridge injury by John Jones: "I was Sergeant of Co. C 88 Regt Ind. Vol. Inf. in the battle of Chattanooga, the charge on Mission Ridge. Capt. Hollopeter was wounded by gun shot in his head over the left eye. I saw him when he was struck with the ball and saw him fall. I went to him at once and he said tell Mulissa I died a soldier. (Wonder if Mulissa was a nickname for Cynthia?)

I took him to the hospital and left him there in charge of the surgeon. Five days after, I called and saw him and found him suffering severly with _____ in his head, so badly that his eyes were both swollen shut and he was unable to distinguish us only by voice, he could not see any one.

I know he has been a sufferer from the effects of his wounds and have heard him often complain of his head ever since, have met him as often as once or twice a year since our discharge."

Describes it again in 1893....."I do know that at the Battle of Missionary Ridge on or about the 25th day of November, 1863, he was injured by a gunshot ball in the head near the part of the hair and I caught him as he fell and took a handkerchief from his pocket and bound up the wound. I then placed him behind a large stone for protection and was then shortly ordered by the Colonel to take him to the rear which I did and finally got into a hospital. I was acting orderly of the company at the time Capt. Hollopeter was wounded."

William submitted the following request in his own handwriting on December 23, 1863....."Sir, I have the honor to make application for a leave of absence for the period of 10 days on account of physical disability as for Surgeon's certificate herein enclosed. I was severely wounded November 25, 1863 at the storming of Missionary Ridge while in command of my company since which time I have been unable for duty and confined to the hospital. I think a short return to my home will greatly hasten my recovery and enable me to return to duty sooner than I otherwise could if I remained. My post office address during my absence will be Leo P.O. Allen Co., Indiana. Signed respectfully your obedient servant, William C. Hollopeter 1st Lt." He left on Jan. 6, 1864

The surgeon declared concerning William.....I do hereby certify that I have carefully examined this officer and find that he is slowly convalescing from an attack of Emsi _____, caused by taking cold in a scalp wound, the result of injury from a bullet, received in the battle of Missionary Ridge. I further declare my belief that he will not be able to resume his duties in a less period of time." He permitted a 20-day leave of absence to visit home.

From a Fort Wayne doctor....."I certify on honor that I have carefully examined Lieut Wm. C. Hollopeter at home on furlough and find that he is incapable of performing military duty, because of a gunshot wound of the head and that he will not be fit for duty for 20 days for the _____."

He was back on duty February 1864

Second wound was during Sherman's march to the sea. He received a musket ball in the upper third of his right thigh on the 19th of March, 1865 in the line of duty. He requested another 20 days at home. Found on leave April 23, 1865. In June of 1865 he was receiving \$20 a month pension.

.....
In a January 19, 1867 notarized statement to the Pension Dept. William claimed "That he resides in Cedar Creek Township, Allen Co., Indiana, and is a householder therein and that his family consists of himself, wife and 3 children. That on the morning of the 17th day of January his two oldest children went to school a distance about one 1/4 miles from his residence and offiant and his wife and youngest child left home to be absent during the day and was absent until about 4 or 5 o'clock. When they returned and found his house had caught fire and burned up during his absence as aforesaid consuming everything in the house - that all of his paper including his deed of his land, his military discharge and his pension certificate were consumed and entirely destroyed and that he is informed the house took fire about 2 o'clock of said day and was consumed before any person arrived there to save the contents thereof".

The Pension items came from a packet received by Ralph O. Diehl, Waterloo, IN, from the Pension Record from

the National Archives under his name.

1860 Census for Allen County, Cedar Creek township.....William C. Hollopeter #377

The date of the marriage was given as May 9, 1858 by Ralph Diehl, where I have May 18, 1858. It may be that the first of those was the date they got their marriage license. Need to check into the source and an 1858 calendar.

Also we find that in several places the place of the marriage was listed as Grabill, IN.

However we know from the fact that we lived close to there, that the R.R. address of the area was usually Grabill as Leo did not have a post office. So even places far away from Grabill might have such an address. At first I am sure that Leo did have a post office. By the time we lived out there it did not, but our address was Fort Wayne I believe. Or was it Grabill. I will have to do some checking.

Coroner: H. G. Erwin

Place of burial: Leo Cemetery, Leo, IN

Another date of marriage that I found was May 9, 1858. One may be the date of obtaining the license and the other the marriage when more than one date are found.

Ralph Diehl adds these facts about Cynthia:

1857 she resided in Allen County, IN

Between 1913 and 1915 resided at Hometown, IN (Hometown may just be the PO address and still be out in the country, not actually in town). John and Belle had a Hometown address, yet lived several miles west of Hometown itself.

After the death of William, Cynthia lived on the family farm for another two years. She was receiving \$12 a month pension from the Dept. of Interior.

I found the date on the tombstone as possible death in 1916 and not 1915. My photo looks very clearly like 1916. But all including her age indicates that 1915 was correct. Also a difference on the death certificate as it says her birth date was March 22, 1939. According to her age at death April is correct, but that could also be wrong. Tombstones are not always correct. Sometimes the stones are put up years later or the children make mistakes.

Notes
 Milton is given the middle name of Roby in the "Descendants of Matthias Hollopeter, by Bob Hollopeter, www.napernet.com/bobh/thfr/outline.html.

I find that a few generations back that the wife of Phillip Moore was married to a Robey and had a son. So the closest thing I can find at this time is that there was a Robey step-son in the family. Perhaps some of the Robey family also moved to Indiana with the Moore family as this would be several generations from our Cynthia although the step-brother William did live until 1875 so would have been easily known by the family in that time frame. Our Cynthia was born in 1839, and Milton was born in 1859 so they might well have been acquainted with William Robey and his children and probably grandchildren. Just thought it was interesting. We can note that a lot of the first names of the Robeys and the Moores were the same.....Levi, Jemima (William's mother), William, Cynthia, John etc.
